PATTERN:

HEAD

Sc 6 in a magic ring (or ch 2, sc 6 in 2nd ch from hook)

1. 2 sc in each st. around - 12

2. sc 1, inc around - 18

3-6. sc 18 (72 sc's)

Place safety eyes one row up and six stitches apart.

7. sc 1, dec around - 12

Begin stuffing and continue to do so at the end of every remaining round.

8. sc 2, dec (three times) - 9

9. sc 1, dec (three times) - 6.

Stuff fully and BO, leaving a long tail.

MUZZLE

Cut a small oval of white felt and a smaller circle of pink felt; using fabric glue, attach the pink to the white in the upper center. With black embroidery thread, sew on a happy smile - or a pouty frown, if you're feeling crappy!

Glue muzzle in between eyes with fabric glue.

EARS (make 2)

Sc 6 in a magic ring (or ch 2, sc 6 in 2nd ch from hook)

1-3. sc 6 (18 sc's)

4. sc 4, dec - 5

5-6. sc 5 (10 sc's)

BO, leaving tail. Attach ears to each upper side of the head.

RING

Chain however many you'll need to fit the finger of your choosing. My small fingers take a ch 10, but bigger fingers may need up to 13 chains or more. Test it out on your finger first!

SS to the first chain stitch (making sure not to twist the rest of your chains) and continue working in each stitch around for 2 rows.

BO, weaving in your tails.

Use the long tail from your bunny head to attach securely to ring.

DONE!

Now slide that little guy on your finger, sit back and enjoy your handiwork!
